DEVELOPMENT DEPARTMENT

SUMMARISING NOTE.

To A.S.

In G.O. No. 4267 Development dated 18-11-1946, the Government sanctioned the payment of a subscription of Rs. 250/- to the Indian Standards Institutions set up by the Government of India at New Delhi for presceibing standard of specifications and grading for the Industrial production in India in order to popularise Indian goods in India as well as in foreign markets. The Government of India pointed out that the amount of Rs. 250/- contributed by this Government was very meagre and requested for substantial help. Accordingly, in G.O. No. 107 Development dated 9-1-1947 the amountof subscription to the Institution was revised to Rs. 1,000/- for 1947 and Rs. 250/- for the subsequent years.

The Director of the Institution has now requested that a handsome sum may be granted for 1948 and onwards. The Director of Industries and Commerce, who was consulted, has suggested that a sum of Rs. 1,000/- may be sanctioned for 1948.

It was considered in this department that, as the work done by the Indian Standards Institutions will considerably help the industries in the Province, the suggestion of the Director of Industries and Commerce to sanction Rs. 1,000/- may be accepted, and that the same amount may be fixed as contribution for the subsequent years also.

Finance Department however do not agree to this. They suggest that the annual contribution may be raised to Rs. 500/- from 1948 onwards in modification of the orders issued in G.O. No. 107 Development dated 9-1-1947. They have also stated that if the proposal is pressed by this Department, orders in circulation, including Hon'ble Minister (Finance) may be taken.

The case may therefore be circulated for orders whether:-

(i) the proposal of this Department to sanction Rs. 1,000/- for 1948 and to fix the same sum as contribution for the subsequent years will be accepted.

or

(ii) whether the suggestion of the Finance Department to riase the annual contribution to Rs. 500/- from 1948 onwards in modification of the orders issued in G.O. No. 107 Development dated 9-1-1947 will be acdepted.

This is useful institution meant to prescribed ~~be~~ enforce uniformity of standards of Indian products. Were we to attempt anything similar on expenditure would be many times higher. We should therefore encourage the institutions and a Rs. 1,000/- contribution is by no means ~~Suc~~ssive (1) above may therefore be approved.

H.M. (Industries) (1) may be accepted. (Sd) . . . .
